## **New Liability Market for Fleets and New Ventures!**

**LONG HAUL TRUCKING**

## **Now Open in TX & OK. More States Coming Soon!**

We are proud to announce a new carrier partnership that can provide Commercial Auto Liability limits up to \$1m for long haul operations. New Ventures (with 3 years minimum industry experience), Fleets, and most commodity types (no hazmat or sand/gravel) can be considered.

Contact your underwriter for details!

## **Cyber Insurance for Truckers**

Do you:

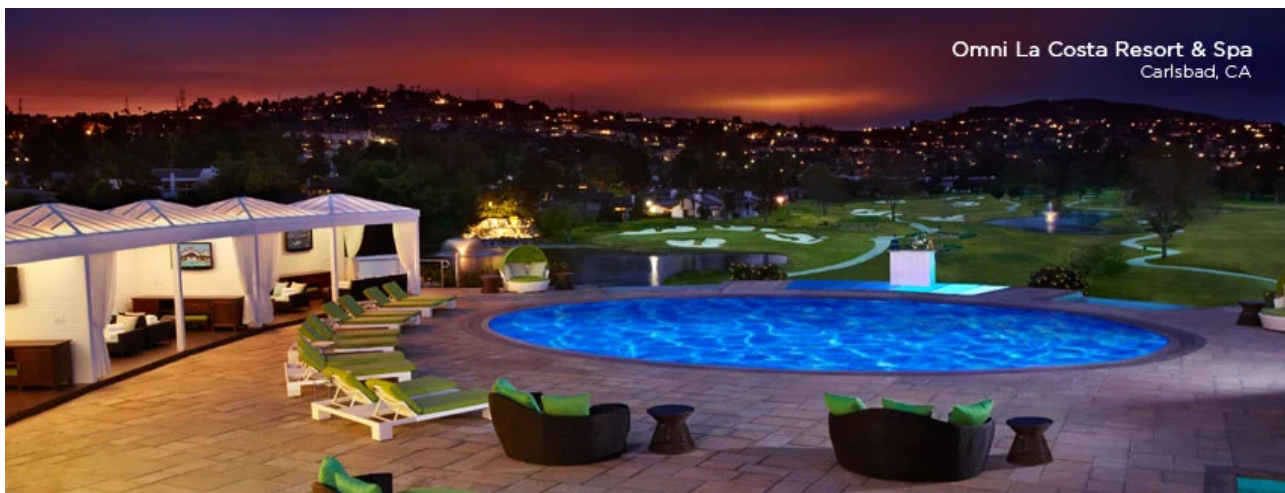

- Use technology to manage your fleet operations?
- Store your client's sensitive information and files on a digital device?
- Accept payments electronically from your clients?
- Connect your device to your clients' internal network systems?
- Allow employees to use their own devices at the workplace?

If you answered "Yes" to any of the above, you are a target for cyberattacks. Cyber insurance covers losses and expenses to recover from an incident including legal and client notification services.

### **Common Cyber Risks for Truckers**

- **Business Interruption and Electronic Logging Devices (ELD) Interruption**
- **Lost or Stolen Phone, Computer or Tablet**
- **Cyber Crime and Funds Transfer Fraud**
- **Compromised Employee Data**

## Meet Our Amazing Assistant Underwriter, Rea Dubrule

I started my insurance career in personal auto 9 years ago, the last 5 as an underwriter. I transferred to the commercial side after auto was shut down and worked as an underwriting assistant in general liability and property, I also managed the earthquake and special events programs. I was offered a position in transportation and have been in this field for over 3 years now, and at TOGA since 2020. I love my job, this company, and the great team I work with!

I married in 2014, we live in Dallas but are HUGE Pittsburgh Steelers

fans, this is how we met and even had a Steeler themed wedding. We love traveling, everything from a nice cabin to the bright lights of Vegas. I am also a big foodie, love trying new restaurants. We have 3 cats (all girls) and 1 tiny dog Lola, they are my babies.
